Lance speaks

“I don’t do anything profound. I just look at the data.”

“They don’t know
any more than you do.”

“You can’t learn anything
if you don’t speak up.”

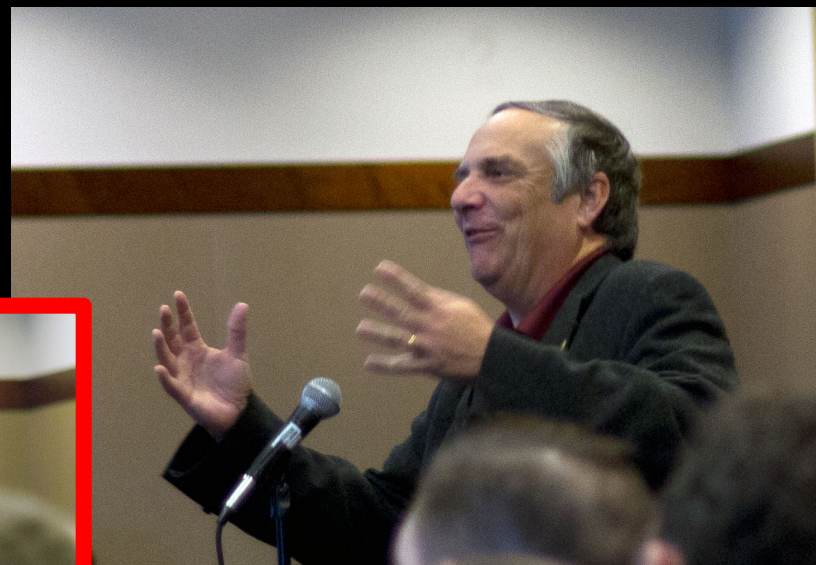

“Nice guys finish first.”

Notes

- Conditions for photography were rather suboptimal, and these represented the best of those I was able to take.
- Pictures were shot RAW and processed with Photoshop, but converted to medium-quality JPEGs to limit file size.
- I didn't manage to capture everyone who participated. Sorry if I missed you!
