

MICHAEL J. VENTRICE, Ph.D.
Michael.Ventrice@weather.com
Mentrice@us.ibm.com
Somerville, MA, 02145

EDUCATION

University at Albany, Albany, NY

Doctor of Philosophy, December 2012

- Tropical Meteorology; Medium-Range Tropical Cyclone Prediction Techniques; Tropical-Extratropical Interactions

University at Albany, Albany, NY

Bachelor of Science – Atmospheric Science and Meteorology, May 2008

- Minor: Mathematics
- Omicron Delta Kappa National Leadership Honor Society

EXPERIENCE

Meteorological Scientist **The Weather Company, an IBM Business, Andover, MA** January 2013-Current

- Creator/Product Manager of Sub-Seasonal Forecast Platform (U.S. and European markets).
- Software Engineer/Developer for Major Upgrade of Seasonal Forecast Products on Wsitrader.com
- Short-term and medium-range weather forecaster for power/natural gas traders.
- Acting Sales Engineer; Conduct/Assist sales meetings for energy client across the U.S. and Canada.
- Company weather blogger and webinar presenter.
- Co-author peer-reviewed literature on both academic and energy related topics.
- On-air television appearances that includes the Weather Channel, Al Jazeera America, Fox, and other local media outlets in New England.
- Often quoted in media outlets that include The Wire, Bloomberg News, Washington Post, Mashable, Boston.com, Bostinno.com, LaRepublic.pe, the Examiner, Yahoo News, and International Business Times.
- Presenter at academic and energy-focused weather conferences.
- Verified Twitter Account (@MJVentrice).

Executive Board Member **AMS Board for Private Sector Meteorologists**, January 2016 – Current

- Elected Board Member for 3-year term.
- Social Media Owner.
- Creator and Editor of Professional Highlight of the Week.
- Lead author of the AMS BPSM's first ever published article (BAMS, March 2017).

Student Mentor **AMS Board for Private Sector Meteorologists**, February 2013 – Current

- Provide career advice with students who are interested in entering the private meteorology sector, focused in the energy and natural gas markets.

Research Assistant **Department of Atmospheric and Environmental Science, University at Albany, Albany, NY**, September 2008 – December 2012

- Researched tropical-extratropical interactions and tropical cyclone development processes under Christopher D. Thorncroft, Ph.D.
- Attended and presented topics of research at over a dozen national and local conferences, including NASA's GRIP and HS3 field campaigns. Also was a guest speaker at the National Hurricane Center on my Ph.D. dissertation.

Student Forecaster **NASA's HS3 Field Campaign**, August 2011-October 2012

- Forecasted the genesis and tracks of Atlantic tropical cyclones in real-time during 2012.
- Led daily weather briefings during the campaign for strategic planning and pilots.
- Constructed flight plans and assisted in real-time flight maneuvering during dropsonde deployment.

Intern **Citadel Investment Group, Chicago, IL**, July 2010-September 2010

- Forecasted medium-range Atlantic tropical cyclone activity for traders to make a stance on oil futures and natural gas.
- Researched the impact of convectively-coupled tropical waves on anomalous periods of Atlantic tropical cyclogenesis activity.

Hydro-Meteorological Technician & Intern **National Weather Service, Albany, NY**, May 2007 – May 2008

- Coordinated and performed daily weather balloon launches.
- Supervised and instructed student interns during weather balloon launches.
- Trained as a general forecaster programming with AWIPS and fabricated forecast discussions daily.

COMPUTER SKILLS

- Computer: Proficient in NCAR Command Language (NCL), Microsoft Office, GrADS. Some experience with Python and Matlab.

HONORS AND AWARDS

- "Geek of the Week" on The Weather Channel's series, *Weather Geeks*, 2015
- The Weather Company (Energy) Employee of the year, 2015
- Max A. Eaton Prize – 29th Conference on Hurricanes and Tropical Meteorology, 2010
- University at Albany College of Arts and Science Featured Student, 2010
- Residential Life Staff Member of the Year, 2007
