

Hey Ross,

Is there any way you can write me a letter of recordation?

Thanks for your time

I have a class during your office hours, when would be a good time to pester you about advisement?

I'm gonna be missing class tomorrow for personal reasons. What chapter are we working in tomorrow so I can read through on my own and be somewhat up to date?

Thanks,

Hi Professor Corbosiero,

I wanted to let you know that I am currently working on the paper and should have the introduction and methods done within the next few weeks. It's hard to both work on the project and write the paper. I wanted to let you know that within the next two weeks, I am entering a few competitions for school. I wanted to know if the data and websites you sent me will be allowed to be used in the paper (cited of course) entered in these competitions. Also, when my research is done at the end of the summer, there are two forms, one for ---- and one for the ----- competition that needs to be filled out by a mentor. I was hoping you would be able to fill those out for me. I will send you the form as soon as Mr. ---- sends it to us. It would be appreciated if you could do this for me.

Thanks,

XXXXXX XXXXX
